Instructions to navigate the Manager's Portal:

1. Enter the Username and Password for the Manager.

2. The Manger is redirected to the 'Welcome Page', where he finds options to perform Administration tasks and view results of Analytics. When the Manager selects the 'ADD/DELETE MENU' option, he will be displayed with the complete Menu and options to Add/Delete items from the Menu.

3. When the Manager selects the 'VIEW INVENTORY' option, he will be able to view the quantity of individual ingredients, their prices, and reminders to order ingredients that are running low.

4. When the Manager selects the 'MODIFY PRICE' option, he will be able to change the price of the items on the Menu based on results of Analytics.

5. When the Manager selects the 'EMPLOYEE SCHEDULE' option, he will be able to view the employees' schedule and change their shifts.

6. When the Manager selects the 'EMPLOYEE WAGE', he will be able to view and modify the employees' wages.
